# Indigenous Peoples March in Washington DC

written by Struggle - La Lucha

January 15, 2019

On January 18, 2019, we are uniting the Indigenous peoples across the World to stand together to bring awareness to the injustices affecting Indigenous men, women and children. Indigenous people from North, Central and South America, Oceania, Asia, Africa and the Caribbean are a target of genocide. Currently, many Indigenous people are victims of voter suppression, divided families by walls and borders, an environmental holocaust, sex and human trafficking, and police/military brutality with little or no resources and awareness of this injustice. We Must Unite and Help!!
