This year Cuba is once again bringing the resolution condemning the U.S. blockade on November 6th and 7th to the United Nations General Assembly. Let's unite our voices around the world and flood social media platforms with our demand “¡Cuba Si! ¡Bloqueo No!” “Yes to Cuba! No to the blockade!” on November 7.

In 2018, for the 27th year in a row at the United Nations General Assembly, the world community stood together to condemn the United States' unjust and cruel blockade on the people of Cuba, with 189 voting in favor of ending the U.S. blockade on Cuba. Once again in voting against the resolution to end the blockade, the United States and Israel stood on the wrong side of history.

As the U.S. government continues to tighten the criminal U.S. blockade on Cuba - this year is more important than ever before that people around the world join together in solidarity with the people of Cuba against this inhuman policy!
