There is currently a boycott of Vincent's Crab House because of its racist practices. The owner of Vincent's Crab House has made racist comments about the Black Lives Matter movement on his social media platforms. In addition, Vincent has sued and used peace orders against activists that are only peacefully protesting. The Peoples Power Assembly stand in solidarity with those that are boycotting Vincent's Crab House. The PPA is doing a car caravan to Vincent's Crab House this Saturday. We are gathering at N . Bond Street and Orleans Street at Douglas Homes to go to Vincent's Crab House in Middle River, MD.
