Join us in Demanding Better
Services for Women Veterans
Press Conference & Rally
Wednesday, Sept 23, 4 pm
@ Veteran Administration Medical Center
10 N. Greene Street, Baltimore, MD 21201

The concerns of women, particularly Black and Brown, gender nonconforming and

transgender have been pushed aside by the Veterans Administration. This must change. Below is a partial list of demands to the Department of Veterans Affairs.

We Demand:

1. A separate women's health facility including primary care sensitive to the needs of all women identified veterans;
- 2, End the long waiting time for appointments to see doctor's and care providers;
3. More women doctors;
4. Increased mental health care;
5. Homeless shelter and transitional housing for women and children
