written by Struggle - La Lucha

October 1, 2020

Oct. 2

4 PM - 7 PM

Pershing Square

Rise up for a march and direct action to demand freedom for everyone suffering in ICE detention and prisons amid the COVID-19 pandemic. It's time to fight against all those who uphold and enable ICE's deportation machine and police violence.

We need folks who can assume higher risk of arrest. Please text or Signal "ACTION" to 347-886-2986 if you are willing.

We also need other support roles, please sign up here: <http://bit.ly/freethemalloct2>

The government continues to send police and ICE to terrorize Black and Brown communities and lock people into cages amid the pandemic. Meanwhile, politicians and corporations are profiting directly from the destruction of migrant lives and Black and Brown families.

We are going to stand up and fight back!

Chinga La Migra. Black Lives Matter. Black Immigrant Lives Matter. La migra, la policía, la misma porquería!
