# CALL IN TO KILL THE ANTI-PROTESTOR BILL IN FLORIDA

Join **Tampa Bay Community Action Committee** as we call local legislators to demand that they stand with the community and fight back against **DeSantis' fascist anti-protest bill** (SB484 & HB1)!

Diane Hart: (813) 224-1956

Andrew Learned: (813) 856-1212

## SAMPLE SCRIPT:

"Hello, my name is \_\_\_\_ and I am calling to demand Representative \_\_\_\_ take a public stand against the DeSantis anti-protest bill in the coming legislative session. This bill is designed to clamp down on protests such as the Justice for George Floyd movement that occurred last summer. This violates rights to freedom of speech and assembly, and is part of a move to repress those that stand for the democratic rights of African Americans and others unfairly targeted by law enforcement.

This legislation will negatively affect and possibly ruin the lives of residents, especially youth, in your district. We will mobilize to Tallahassee with major media throughout the legislative session in order to kill the bill. We will see you there."

**Call in Thursday, Jan. 14th**  
**1-3pm**

*(any time 8-5 works, but preferably 1-3)*
