Join Samidoun Palestinian Prisoner Solidarity Network for a webinar launching the international Week of Action to Free Ahmad Sa'adat and all Palestinian prisoners. The imprisonment of Palestinian national leader Ahmad Sa'adat highlights not only

the use of imprisonment as a key colonial weapon of the Israeli occupation but also the complicity of the Palestinian Authority and the direction of imperialist powers like the US, Britain and EU countries.

Noted scholar **Lena Meari** will speak about the history and present of Palestinian resistance and steadfastness — sumud — behind bars, and the Palestinian prisoners' movement's struggle against colonialism and leadership in the liberation struggle. She will be joined by **Hadeel Shatara**, coordinator of Samidoun Palestine, discussing Palestinian political prisoners detained by the Palestinian Authority amid "security coordination" with the Israeli occupation, and **Mohammed Khatib**, coordinator of Samidoun in Europe, on the case of Ahmad Sa'adat and the struggle to revive the Palestinian revolution.

Event will take place in English with French translation.
