Votes have been counted, and it's clear that Amazon has stolen this election. The company broke rules every step of the way and used every dirty trick in the union-busting playbook. But we won't be stopped.

Now, we must fight any retaliation of pro-union workers and show Amazon we're not going anywhere. Join fellow Amazon workers, local unions, and community members to show Alabama stands united: Amazon's Union Busting is Disgusting! #UnionizeAmazon
