The Move family will be holding a press conference Mon, April 26, 2021 @ 11:00 a.m. at the corner of 52nd and Larchwood across from Malcolm X Park (located in West Philly).

Speakers will inform people of the treachery this government is still perpetuating against the Move family. specifically as demonstrated in the two articles published in the Philadelphia Inquirer talking about the defiling of what they claim are the remains of our family members.

May 13, 2021 marks the 36th year anniversary of this government's horrific bombing in their attempt to annihilate MOVE, murdering six adults and five children in addition to the total sanctioned destruction of a Black (African American) community.

Move demands justice and peace for our murdered children and Move family.

Join the Move Family, several knowledgeable speakers, and concerned neighbors and friends to hear more about these atrocities and MOVE's response.
