After 73 years of ongoing ethnic cleansing and genocide, how could anyone expect anything else from Palestinians but resistance?

In response to the latest wave of attacks on Palestinians in Jerusalem by Zionist settlers backed by the full weight of the occupation, Palestinian youth are rising up and confronting their oppressors with stones in hand, destroying security cameras, raising the Palestinian flag and defending Al-Aqsa.

From Jerusalem, to Gaza, to '48, to the West Bank, to the camps, to everywhere where Palestinian refugees currently live in exile, we must defend the Palestinian right to resist Zionist settler violence and support Palestinian resistance in all its forms. With no exceptions and no fine print.

We must not only commemorate the Nakba but also support Palestinian resistance in all its forms! Join us to celebrate our youth resisting and overcoming against the occupation in Jerusalem and declaring that all Palestinians refugees will return within our lifetime!
