

Global Calendar of Resistance: Join these events to defend Palestine!

written by Samidoun Palestinian Prisoner Solidarity Network
May 14, 2021

Samidoun Palestinian Prisoner Solidarity Network urges all Palestinian, Arab and international supporters of Palestine to escalate their organizing and struggle to confront massacres and ethnic cleansing and support Palestinian resistance! There are currently 119 martyrs in Gaza, while the

entire land of Palestine is rising, from the river to the sea, from Haifa to al-Lydd, from Gaza to Rafah, from Ramallah to Nablus, Umm al-Fahm, Yafa, and, of course, Palestine's capital, Jerusalem, confronting the most brutal violence of the colonizer with steadfastness, struggle, and a revolutionary promise of a liberated future.

Everywhere, Palestinians in exile and diaspora are also rising, taking the streets, and organizing, to build the struggle for liberation, and people of conscience around the world stand with them, filling the streets of the globe with thousands and millions to confront Zionism and imperialism, and stand firmly and clearly with the Palestinian people, their resistance, return and liberation, from the river to the sea.

In this moment, it is particularly important to highlight our unconditional support for the Palestinian people and their right to resist. It is now and has always been the resistance of the Palestinian people, through all forms of struggle, that defends Palestine from colonization. **Our solidarity must affirm Palestinian resistance, Palestinian return, and Palestinian liberation, throughout the entire land of occupied Palestine.**

Join us in action in [Madrid](#), in [Berlin](#), in [New York](#), in [Vancouver](#), in [Frankfurt](#), in [Los Angeles](#), in [Toronto](#), in [Toulouse](#), in [Gothenburg](#), in [Athens](#), and so many other cities in the coming days. (***The List below will be constantly updated - our [Global Calendar](#) - please share the link with your friends and comrades!***) Your action to support the Palestinian people and the Palestinian resistance, for return to Palestine and liberation from the river to the sea is more important than ever — to honor the martyrs, to stop ethnic cleansing, and to stand with Palestine in 73 years of struggle.
