March for Palestine pours through streets of Washington

written by Struggle - La Lucha

Washington, D.C., May 15 — Thousands of Palestinians and their supporters from the region poured into Washington, D.C., protesting Israel's latest attacks on Gaza. Speakers and those marching decried the death of children and the U.S. government's financial support of Israel. Marchers rallied at the Washington Monument and then marched to the Capitol. The Palestinian Youth Movement called the protest.
