December 8, 2021

Members of the Cuban Chapter of Social and Popular Movement (CTC, ANAP, FMC, ICAP, CDR, UJC, Martin Luther King Center and the Network of Intellectuals and Artists in the Defense of Humanity) calling for the Anti-Imperialist Virtual Forum in a challenging way among the peoples.

The Forum will meet between 09:00 and 11:00, Cuba time, on December 9 and 10, 2021, in order to share a space of articulation, unity, solidarity and condemnation of imperialism, the main responsible for violations of the rights of the law Man in the world.

Humanity is still suffering from the effects of the COVID-19 pandemic that has exacerbated inequality, exclusion and poverty. In today's world, the logic of capital is taking a step on the life and health of the planet. The environment is attacked by unsustainable production and consumption modes, which cause damage to the ecosystem. Peace is threatened by wars and conflicts that destroy peoples and civilizations.

We live in an era of unilateral coercive measures and interference policies that

attack sovereignty, self-determination and human rights. Western models are imposed to erase national identities. Humanity suffers from a cultural and media war, which subvert realities and distance people from their historical claims.

In this context, it is necessary to unite to face involvement, colonialism, foreign occupation, discrimination in all its forms and manifestations. Let's fight tirelessly for a better world. Our people must live in peace, equality and social justice.

Let us preserve what is most precious: human life and dignity.

The virtual anti-imperialist Forum for Peoples Defense will be broadcast live on facebook.com/siempreconcuba
