In support of a call by United National Anti-War Coalition

Back to the Streets Say NO to U.S. wars!

**Rally at the Westwood Federal Building
11000 Wilshire Blvd, Los Angeles**

Thursday, October 20th from 4 to 6 pm

Washington has spent \$70-billion for weapons to Ukraine in the biggest handover of U.S. military equipment in history. No politicians on either side of the aisle have objected to this dangerous drive toward a possible nuclear war, nor to this huge drain on the treasury that has worsened skyrocketing prices at home!

**Stop Washington's proxy war in Ukraine!
Stop U.S. threats against Russia and China!
Disband NATO!**
