Dr. Mutulu Shakur, a highly esteemed acupuncturist, healer, revolutionary, and leader in the Black liberation movement, peacefully passed away on Friday, July 7, 2023 at 72 years old. He courageously battled multiple myeloma, a blood cancer that damages the bones and kidneys, since 2019. In December 2022, he was released on parole from federal prison, affording him the opportunity to spend his remaining days surrounded by loved ones. Having endured nearly 37 years of incarceration, his profound legacy will serve as a timeless inspiration for future generations.

Born Jeral Wayne Williams on August 8, 1950, in Baltimore, Maryland, Dr. Mutulu Shakur was raised in Jamaica, Queens, under the loving care of his blind mother. It was within the struggle of helping his mother navigate an unjust social service system that his political consciousness awakened. At the tender age of 16, he joined the New Afrikan Independence Movement, and in the late 1960s, he actively participated in the Revolutionary Action Movement (RAM), a Black Nationalist group advocating for Black self-determination and socialist change across the nation.

Driven by his unwavering commitment to the cause, Dr. Mutulu Shakur was a conscious citizen of the Provisional Government of the Republic of New Afrika. He was a leader of the Black Liberation Army (BLA), and worked closely with the Black Panther Party. He was a founding member of the New Afrikan People's Organization (NAPO) and Malcolm X Grassroots Movement (MXGM), acting as a pillar of strength and leadership.

While his revolutionary activism influenced countless lives, Dr. Mutulu Shakur also made groundbreaking contributions as an acupuncturist, affectionately known as "Doc." After receiving training in Canada and China, he obtained his license in California in 1979. Dr. Mutulu Shakur practiced holistic medicine with unwavering dedication, working tirelessly to empower his community. His journey

started at Lincoln Detox, an addiction treatment program. The program was founded in 1970 in the South Bronx, by a coalition that included revolutionary healthcare workers, the Black Panther Party, the Young Lords and drug-addicted individuals seeking treatment. Dr. Mutulu Shakur served as executive director and pioneered the use of acupuncture in treating withdrawal symptoms. His innovative five-point protocol, which remains widely used in addiction treatment today, brought relief and healing to countless individuals. In the late 1970s, he co-founded and co-directed the Black Acupuncture Advisory Association of North America (B.A.A.N.A) and the Harlem Institute of Acupuncture, both established during a time when acupuncture faced legal challenges in New York. Dr. Mutulu Shakur's influential work in acupuncture continues to resonate in clinics and treatment centers across the globe.

In 1988, Dr. Mutulu Shakur faced a profound legal ordeal. He was convicted for leading a group of revolutionaries involved in a series of armed robberies in New York and Connecticut in 1981. The charges were brought against him under the conspiracy to violate the Racketeer Influenced and Corrupt Organizations (RICO) Act and included his role in the liberation of fellow activist Assata Shakur from a New Jersey prison in 1979.

While incarcerated, Dr. Shakur was active in various prison programs and was a mentor to many within the system. He prepared a lot of young men on how to handle life in prison and for life after release.

Dr. Shakur was deeply influential in the social and political messaging of his sons' creative output. Ever present as a mentor, even while imprisoned, he was instrumental in developing the Thug Code, which created a framework for the brothers' vision to create a social movement with the group THUG LIFE as the voice.
