# New Orleans: Trans Day of Visibility/Vengeance, March 31

written by Struggle - La Lucha  
March 20, 2024

Come to celebrate our Beautiful Trans Existence, Resistance, and Persistence. Come to Reaffirm our determination to survive and thrive into future generations regardless of our Louisiana Governor and Legislature. Come to FIGHT BACK against

the attempts to censor and criminalize Trans people across the country.

We demand:

- City officials take immediate action to make New Orleans a Sanctuary City from anti-trans and anti-LGBTQ+ legislation
- Down with Jeff Landry and the Racist/Transphobic Republican Legislature's Agenda

**Trans Day of Vengeance/ Visibility March 2024**
