Revolutionary Greetings,

On behalf of the Struggle for Socialism Party of the U.S., we take this opportunity to extend our best wishes on the occasion of the 46th anniversary of the Sandinista

Revolution.

We salute the tremendous accomplishments of your revolution, which now has 90% self-sufficiency in food, mainly grown by small farmers who received land during the 1980s agrarian reforms and who are supported today by government programs focused on the popular economy.

We celebrate with you the reduction of maternal mortality by 80%, as well as the reduction of infant mortality by 66% when the people regained control of the government.

We applaud your efforts to make housing a priority so that all in your country will have decent and dignified housing.

We stand in solidarity with the people of Nicaragua and the leadership of the Sandinista government against the continued efforts of the U.S. government to interfere and turn back the hard-won gains of the revolution.

Long live international solidarity.
